

KREEPY KRAULY®

# HUG BUG® POOL CLEANERS

## THE CUTE, CLEVER, COLOURFUL POOL CLEANER

The Hug Bug is one of Kreepy Krauly's® latest development in automatic pool cleaning technology. The Hug Bug will clean your pool by firstly scrubbing your pool walls and floor, removing dirt particles with its rows of tiny rubber scrubbers and then secondly it immediately vacuums away the dirt and debris and sends it right where it belongs - to your pool's filtration system. Having a dirty pool is about to become a thing of the past, thanks to Kreepy Krauly Hug Bug.

Hug Bug features the exclusive SmartTrac programmed steering. SmartTrac assures complete cleaning coverage from your pool floor to the waterline, manoeuvring Hug Bug around corners, swim-outs and steps. It's truly a "set it and forget it" pool cleaner.

2-way cleaning action-patented footpad design scrubs and dislodges debris from the pool surface while its powerful vacuum action whisks it away.

Wide body design allows the Kreepy Krauly Hug Bug to cut a broad 300 mm cleaning path for fast cleaning.
