MAGICSTREAM® LAMINAR COLOR-CHANGING WATER ARCS

CRYSTAL CLEAR BY DAY, DRAMATIC COLOR AT NIGHT

MagicStream laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with a LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

- Water arcs reach up to 2 m high and project out 2.5 m into your pool.
- Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.
- Nighttime color effects include the ability to hold a steady color or scroll through a range of available colors. A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. It has seven distinct programs: Sam, Party, Romance, California Sunset, American, Caribbean and Royal. They can freeze on a single color.

ENHANCING THE EXPERIENCE

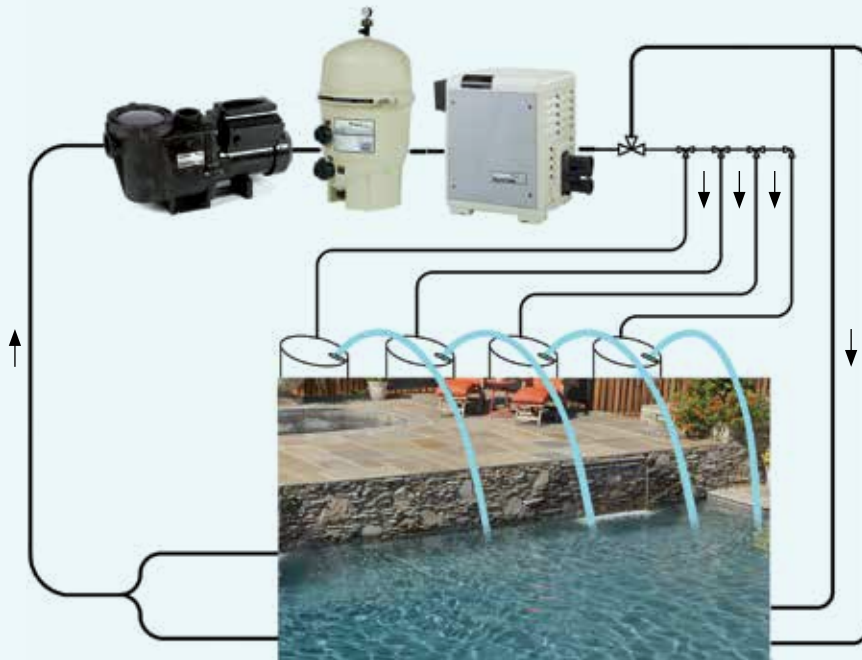

MagicStream laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool.

ADDITIONAL FEATURES INCLUDE :

- Easily adjustable in two ways; vertically to create different heights and arc shapes, and left and right to change the direction of the arc. Get creative by varying individual stream's height, arc shapes, direction and color.
- Comes fully assembled and ready to install. To create spectacular nighttime effects, a LED light engine is included. Simply add plumbing and a 12V pool transformer to provide power.
- Designed for easy removal and replacement.
- 2-year limited warranty.

TYPICAL LAMINAR INSTALLATION

INTELLIBRITE® CONTROLLER

UNDERWATER LED POOL LIGHTS CONTROLLER

With IntelliBrite Controller you can create dazzling synchronized lightshows. IntelliBrite Controller works with IntelliBrite Color Pool and Spa LED lights as well as MagicStream Laminars. You are able to fully control both sets of lights to create your favorite show.

FEATURES INCLUDE:

- Waterproof Outdoor LED color light controller
- Quick access to all colors and shows
- Convenient hold and recall function
- Illuminated power button

Available Light Shows

MAGICFALLS® WATER FALLS

WATER FALLS

THE BEAUTY AND INTRIGUE OF FALLING WATER

Perhaps no other feature contributes more to the beauty and tranquility of your pool landscape than the sight and sound of falling water. MagicFalls water effects can help transform your pool into a romantic oasis, a playful family water park, or a breathtaking focal point. No wonder that they are one of the most popular accessories in today's most elegant backyard retreats. The many options available allow you to integrate these mesmerizing water effects in either dramatic or subtle ways that transform any pool environment from great to spectacular.

- Choose from a variety of effects-sheet, rainfall, arc sheet and arc rainfall.
- Individual water effects are available in different widths (450, 600 or 900 mm) - Depth is 150 mm.
- Pressure specifications: for every 300 mm width of waterfall, the minimum waterflow is 2.3 m³/h - the recommended flow per 300 mm is 3.5 m³/h.
- All connections are 1.5" (ABS), supplied with a 50 mm slip fit adaptor (PVC).
- 2-year limited warranty.

Sheet Waterfall Effect

The sheet effect creates an almost silent, glass-like sheet of water that projects away from the pool wall.

Rainfall Effect

The rainfall effect projects falling water that looks and sounds like a gentle spring shower.

COLOR CASCADE®

LED LIGHT BUBBLERS GRACEFUL

EXPERIENCE THE BRILLIANCE OF COLOR-CHANGING LED LIGHT BUBBLERS

The ColorCascade® LED Light Bubbler is a vivid mix of color-changing LED lighting and fountain-like water movement. Whether you're in the mood to relax or entertain, ColorCascade bubblers are the perfect way to showcase and enhance pool features like sun shelves, steps, and beach entries. Their low voltage and minimal water flow requirements make them an ideal, energy-efficient addition to pools, fountains, ponds and more. Plus, they add eye-catching style and soothing sound to heighten your senses and elevate your aquatic experience.

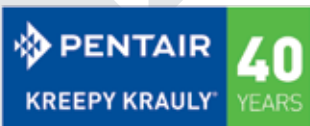

- Energy efficient color LED lights—features 5 vibrant colors and 7 dazzling light shows.
- Perfectly synchronizes with IntelliBrite® 5g Underwater Color-Changing LED Pool and Spa Lights.
- Optional IntelliBrite Controller provides fast, easy light control for pools and spas without automation systems.
- Compatible with IntelliTouch® and EasyTouch® Control Systems.
- Low flow requirements allow for multiple units per pool.
- PVC niche provides for flush mounting.
- Designed for 5-25 cm water depth.
- Low voltage operation – 12 VAC / 16 W.
- Cord length available in 30 m.

THE SIMPLICITY OF COMPATIBILITY

The ColorCascade bubbler is more than a stand-alone water feature. It is fully compatible and perfectly synchronizes with our IntelliBrite 5g line of LED lights. When used with an optional IntelliBrite controller, pool owners can enjoy fast and easy control of color options and dazzling, pre-programmed light shows.
