

KREEPY KRAULY®

CRISTAL-FLO™ SIDE MOUNT SAND FILTERS

SO CLEAN, SO CLEAR, SO EASY

Cristal-Flo™ sand filters will keep your pool water crystal clear and sparkling clean for years. The Cristal-Flo™ filter is the perfect high performance sand filter. It's incredibly simple to operate and maintain, and it's built with long-term reliability in mind. Plus, its highly efficient design provides all the clean, crystal clear water your pool requires year after year.

HERE'S HOW

Pool water is routed through the sand-filled pressure vessel. The sand traps particles so small they are undetectable to the eye. Over time, dirt accumulates in the spaces between the sand particles, causing the pressure in the vessel to rise. This signals you to "backwash" the filter. Simply reverse the water flow and "knock out" the dirt.

All Pentair sand filters feature a special internal design that keeps the sand bed level and ensures even water flow. That results in the most efficient filtration possible.

Cristal-Flo™ High Rate Sandfilters accommodate large and small pools, offering the best combination of economy, performance, durability and ease of maintenance. Corrosion-resistant, one-piece, extra-thick molded polyethylene tank assures long life service. Corrosion-resistant multiport selector valve included. Convenient manual and continuous air relief system.

CRISTAL-FLO™

SIDE MOUNT SAND FILTERS

Easy access, heavy-duty closure with built-in pressure relief valve makes inspection and maintenance fast, safe and easy.

Threaded bulkhead connectors for easy installation and service

One-piece thermoplastic tank for strength and corrosion resistance

FEATURES AND BENEFITS

- Blow moulded H.D.P.E for durability and consistency
- European multiport valve for increased quality therefore no water leaks
- Properly designed diffuser creating flat sand bed and better water clarity
- Correct dimensions to NSF so that the freeboard allows for correct sand depth therefore better water clarity
- Bulkhead designed for easy maintenance and to prevent leakage
- Air bleeder with sieve and proper joint onto return line therefore no blockages and no blowback
- Bayonet fittings onto laterals for easy maintenance
- Clamp ring on lid for easy maintenance and is ideal for koi applications
- Manual air bleeder for easy purging of air
- Threaded bulkhead connectors for easy installation and service
- Available in top mount
- Two sizes available in both top- and side mount
- 5 years tank warranty
- 2 year warranty multiport
